MCMXC

SOLO EXHIBITION 8-19. 09. 2020
PRIVATE VIEW 10.09.2020 6:30-8:30 PM

Welcome to Richard Fausto's very first exhibition where you can view his profound works of art that he has created using a simple technique to portray complex and intriguing emotions.

The exhibition will display Richard's earliest series of art 'The Diamond Series' which he created from the beginning of his career as a monument to the greatest that have lived. Also on display exclusively, after months of secrecy and extensive planning, are several designs from some exciting and upcoming series he is currently developing: 'Toxic Pleasures', 'Perception of Vanity' and 'Complex Cognition'.

The Artist : Richard Fausto

Throughout Richard Fausto's life and career, he has always been driven with enthusiasm and creativity to excel in anything he put his mind to.

Over the years he has gained numerous skills and knowledge which benefit the directions and capabilities of the work he can create, which allow him to expand his ideas across the spectrum of mediums.

With his latest Diamond Series of famous celebrity portraits, he portrays the life and death of them with a single line. The continuous line represents life itself which is "every beginning has an end." Whilst the diamond expresses the time, effort and pressure it takes to be great and remembered even after death. He also uses the diamond as a metaphor for capturing the wondrous energy of their soul which represents their life as a celebrity.
